OUR ENVIRONMENT

I will work to together with residents to improve and enhance our town, we are fortunate to live in such a lovely area, I will strive to maintain and enhance our environment for the benefit of all Staines Residents.

SUPPORTING OUR COMMUNITY

I will work with residents, local charities, schools, churches, community groups, local businesses and Staines residents' associations, to build on the great community we have in Staines.

I will meet with residents on a regular basis to ensure I can represent their views and issues.
